Dear Mr. Sharon:

In response to your request, the Bureau of Labor Market Statistics has verified that 3815 Tamiami Trail East in Collier County, Florida is in Census tract 106.04. The area qualifies as a Targeted Employment Area (TEA) under the provisions of the EB-5 Investor Visa Program. The 2014 annual average unemployment rate for the area was 9.5 percent, above the qualifying rate of 9.3 percent for that time period.

The method used to estimate the unemployment rate in this area is called Census-share disaggregation, a standard U.S. Department of Labor, Bureau of Labor Statistics procedure used to calculate rates for small subcounty areas.

Since this area is located in the Naples-Immokalee-Marco Island Metropolitan Statistical Area, it is not considered a rural area. The area does qualify as a TEA however, due to its high unemployment rate.

Please call Demetria Rollins at 850-245-7218, if you have any questions.

Sincerely,

Adrienne Johnston, Chief
Bureau of Labor Market Statistics
