The area consisting of contiguous Census tracts 820, 824.01, 824.04, 824.15, 825.09, 825.10, 825.11, 828.01, 828.02, 830.03, 830.05, 830.08, and 925 qualifies as a high unemployment area under the provisions of the EB-5 Investor Visa Program. The 2013 annual average unemployment rate for the combined area was 11.1 percent, equal to the qualifying rate of 11.1 for that time period (see enclosed table).

To Whom It May Concern:

In response to your request, the Bureau of Labor Market Statistics has verified that 2190 Belcher Road South in Pinellas County, Florida is in Census tract 254.11. The area consisting of contiguous Census tracts 253.03, 254.08, 254.11, 254.16, 255.05, 256.02, 256.03, and 258 qualifies as a Targeted Employment Area (TEA) under the provisions of the EB-5 Investor Visa Program. The 2013 annual average unemployment rate for the combined area was 11.2 percent, above the qualifying rate of 11.1 percent for that time period (see enclosed table).

The method used to estimate the unemployment rate in this area is called Census-share disaggregation, a standard U.S. Department of Labor, Bureau of Labor Statistics procedure used to calculate rates for small subcounty areas.

Since this area is located in the Tampa-St. Petersburg-Clearwater Metropolitan Statistical Area, it is not considered a rural area. The area does qualify as a TEA however, due to its high unemployment rate.

Please call Demetria Rollins at 850-245-7218, if you have any questions.

Sincerely,

Kathie Hughes, Program Manager
Bureau of Labor Market Statistics
