Orlando, Florida 32803

Dear Ms. Chau:

In response to your request, the Bureau of Labor Market Statistics has verified that 5176 West Colonial Drive, Orlando, Florida, in Orange County, Florida, is in Census tract 189. The area consisting of contiguous Census tracts 189, 105, 104, 183, and 117.02 qualifies as a Targeted Employment Area (TEA) under the provisions of the EB-5 Investor Visa Program. The 2016 annual average unemployment rate for the area was 8.2 percent, above the qualifying rate of 7.4 percent for that time period (see enclosed table).

The method used to estimate the unemployment rate in this area is called Census-share disaggregation, a standard U.S. Department of Labor, BLS procedure used to calculate rates for small subcounty areas.

Since these locations are not in a rural county or in a single Census tract with a qualifying rate, the enclosed combination qualifies as a Targeted Employment Area due to its high unemployment rate.

Please call Demetria Rollins at 850-245-7218 if you have any questions.

Sincerely,

Adrienne Johnston, Chief
Bureau of Labor Market Statistics
