West Palm Beach, Florida 33401

Dear Ms. Salinas-Bently:

In response to your request, the Bureau of Labor Market Statistics has verified that the Northeast corner of Donald Ross Road and Alton Parkway, Palm Beach Gardens, Florida, in Palm Beach County, Florida is in Census tract 2.09. The area consisting of contiguous Census tracts 2.09, 9.05, 10.02, 10.03, 13.02, 14.02, 14.03, 14.04, 15, 16, 17, 19.07, 19.09, 19.10, 22, 24, 29, and 31.02 qualifies as a Targeted Employment Area (TEA) under the provisions of the EB-5 Investor Visa Program. The 2014 annual average unemployment rate for the combined area was 9.3 percent, equal to the qualifying rate for that time period (see enclosed table).

The method used to estimate the unemployment rate in this area is called Census-share disaggregation, a standard U.S. Department of Labor, BLS procedure used to calculate rates for small subcounty areas.

Since this area is located in the Miami-Ft. Lauderdale-West Palm Beach Metropolitan Statistical Area, it is not considered a rural area. The area does qualify as a Targeted Employment Area however, due to its high unemployment rate.

Please call Demetria Rollins at 850-245-7218, if you have any questions.

Sincerely,

Adrienne Johnston, Chief
Bureau of Labor Market Statistics
