Dear Mr. Winer:

In response to your request, the Bureau of Labor Market Statistics has verified that 1401 NW 23rd Avenue in Alachua County, Florida is in Census tract 11 Block Group 3. The area consisting of contiguous Census tract 11 Block Group 3 and Census tracts 2, 3.01, 3.02, 6, 14, 19.02, and 20 qualifies as a high unemployment area under the provisions of the EB-5 Investor Visa Program. The 2013 annual average unemployment rate for the combined area was 11.7 percent, above the qualifying rate of 11.1 percent for that time period (see enclosed table).

The method used to estimate the unemployment rate in this area is called Census-share disaggregation, a standard U.S. Department of Labor, Bureau of Labor Statistics procedure used to calculate rates for small subcounty areas.

Since this area is located in the Gainesville Metropolitan Statistical Area, it is not considered a rural area. The area does qualify as a Targeted Employment Area however, due to its high unemployment rate.

Please call Demetria Rollins at 850-245-7218, if you have any questions.

Sincerely,

Rebecca Rust, Chief

Dear Mr. Balik:

In response to your request, the Bureau of Labor Market Statistics has verified that 7101 North Military Trail in Palm Beach County, Florida is in Census tract 10.03. The area consisting of contiguous Census tracts 10.03, 10.04, 13.01, 13.02, 14.04, 14.03, and 14.02 qualifies as a high unemployment area under the provisions of the EB-5 Investor Visa Program. The 2013 annual average unemployment rate for the combined area was 11.3 percent, above the qualifying rate of 11.1 percent for that time period (see enclosed table).

The method used to estimate the unemployment rate in this area is called Census-share disaggregation, a standard U.S. Department of Labor, Bureau of Labor Statistics procedure used to calculate rates for small subcounty areas.

Since this area is located in the Miami-Ft. Lauderdale-West Palm Beach Metropolitan Statistical Area, it is not considered a rural area. The area does qualify as a Targeted Employment Area however, due to its high unemployment rate.

Please call Demetria Rollins at 850-245-7218, if you have any questions.

Sincerely,

Rebecca Rust, Chief
Bureau of Labor Market Statistics
