Dear Mr. Mangel:

In response to your request, the Bureau of Labor Market Statistics has verified that 6455 SW Highway 200 in Marion County, Florida is in Census tract 35.02. The area consisting of contiguous Census tracts 10.03, 10.05, 16, 17, 18, 19, 20.01, 20.02, 25.02, 26.05, 27.01, and 27.02 qualifies as a Targeted Employment Area (TEA) under the provisions of the EB-5 Investor Visa Program. The 2013 annual average unemployment rate for the combined area was 11.5 percent, above the qualifying rate of 11.1 percent for that time period (see enclosed table).

The method used to estimate the unemployment rate in this area is called Census-share disaggregation, a standard U.S. Department of Labor, Bureau of Labor Statistics procedure used to calculate rates for small subcounty areas.

Since this area is located in the Ocala Metropolitan Statistical Area, it is not considered a rural area. The area does qualify as a TEA however, due to its high unemployment rate.

Please call Demetria Rollins at 850-245-7218, if you have any questions.

Sincerely,

Rebecca Rust, Chief
Bureau of Labor Market Statistics
