Mr. Troy Cox  
Port Logistics Tampa Bay I, LLC  
c/o G. Richard Hostetter  
1800 Pembroke Drive, Suite 300  
Orlando, Florida 32810

Dear Mr. Cox:

In response to your request, the Bureau of Labor Market Statistics has verified that 4201 Maritime Boulevard, Tampa, Florida, in Hillsborough County, Florida, is in Census tract 53.02. The area consisting of contiguous Census tracts 53.02, 38, 39, and 136.04 qualifies as a Targeted Employment Area (TEA) under the provisions of the EB-5 Investor Visa Program. The 2015 annual average unemployment rate for the combined area was 8.3 percent, above the qualifying rate of 8.0 percent for that time period (see enclosed table).

The method used to estimate the unemployment rate in this area is called Census-share disaggregation, a standard U.S. Department of Labor, BLS procedure used to calculate rates for small subcounty areas.

Since these locations are not in a rural county or in a single Census tract with a qualifying rate, the enclosed combination qualifies as a Targeted Employment Area due to its high unemployment rate.

Please call Demetria Rollins at 850-245-7218, if you have any questions.

Sincerely,

Adrienne Johnston, Chief  
Bureau of Labor Market Statistics

AJ/rd

Mr. Ronald Rostoker  
Rostoker Cargo, LLC  
1920 East Hallandale Beach Boulevard, Suite 703  
Hallandale Beach, Florida 33009

Dear Mr. Rostoker:

In response to your request, the Bureau of Labor Market Statistics has verified that 1920 East Hallandale Beach Boulevard, Hallandale Beach, Florida, in Broward County, Florida, is in Census tract 1001.03. The area consisting of contiguous Census tracts 1001.03 and 1003 qualifies as a Targeted Employment Area (TEA) under the provisions of the EB-5 Investor Visa Program. The 2015 annual average unemployment rate for the combined area was 8.9 percent, above the qualifying rate of 8.0 percent for that time period (see enclosed table).

The method used to estimate the unemployment rate in this area is called Census-share disaggregation, a standard U.S. Department of Labor, BLS procedure used to calculate rates for small subcounty areas.

Since these locations are not in a rural county or in a single Census tract with a qualifying rate, the enclosed combination qualifies as a Targeted Employment Area due to its high unemployment rate.

Please call Demetria Rollins at 850-245-7218, if you have any questions.

Mr. William Roger Hammani  
Hotelex Group, LLC  
2500 NW 107<sup>th</sup> Avenue, Suite 203  
Miami, Florida 33172

Dear Mr. Hammani:

In response to your request, the Bureau of Labor Market Statistics has verified that 1741 SW 2<sup>nd</sup> Avenue, Miami, Florida, in Miami-Dade County, Florida, is in Census tract 67.02. The area consisting of contiguous Census tracts 67.02, 36.01, 34, and 31 qualifies as a Targeted Employment Area (TEA) under the provisions of the EB-5 Investor Visa Program. The 2015 annual average unemployment rate for the combined area was 9.8 percent, above the qualifying rate of 8.0 percent for that time period (see enclosed table).

The method used to estimate the unemployment rate in this area is called Census-share disaggregation, a standard U.S. Department of Labor, BLS procedure used to calculate rates for small subcounty areas.

Since these locations are not in a rural county or in a single Census tract with a qualifying rate, the enclosed combination qualifies as a Targeted Employment Area due to its high unemployment rate.

Please call Demetria Rollins at 850-245-7218, if you have any questions.

Sincerely,

Adrienne Johnston, Chief  
Bureau of Labor Market Statistics

AJ/rd

Santa Rosa Beach, Florida 32450

Dear Mr. Rookis:

In response to your request, the Bureau of Labor Market Statistics has verified that the southeast quadrant of the intersection of Gunn Highway and Sheldon Road, Tampa, Florida, in Hillsborough County, Florida is in Census tract 114.12. This area qualifies as a high unemployment area under the provisions of the EB-5 Investor Visa Program. The 2015 annual average unemployment rate for the area was 9.1 percent, above the qualifying rate of 8.0 percent for that time period.

The method used to estimate the unemployment rate in this area is called Census-share disaggregation, a standard U.S. Department of Labor, BLS procedure used to calculate rates for small subcounty areas.

Please call Demetria Rollins at 850-245-7218, if you have any questions.

5100 Town Center Circle, Suite 400  
Boca Raton, Florida 33486

Dear Mr. Rosetto:

In response to your request, the Bureau of Labor Market Statistics has verified that 2660 Davie Road, Fort Lauderdale, Florida, in Broward County, Florida is in Census tract 701.01. The area consisting of contiguous Census tracts 701.01, 611, 608.01, 413, 412, 503.08, 410, 411, and 414 qualifies as a Targeted Employment Area (TEA) under the provisions of the EB-5 Investor Visa Program. The 2015 annual average unemployment rate for the combined area was 8.1 percent, above the qualifying rate of 8.0 percent for that time period (see enclosed table).

The method used to estimate the unemployment rate in this area is called Census-share disaggregation, a standard U.S. Department of Labor, BLS procedure used to calculate rates for small subcounty areas.

Since these locations are not in a rural county or in a single Census tract with a qualifying rate, the enclosed combination qualifies as a Targeted Employment Area due to its high unemployment rate.

Please call Demetria Rollins at 850-245-7218, if you have any questions.

Sincerely,

Adrienne Johnston, Chief  
Bureau of Labor Market Statistics

AJ/rd

Ms. Rosalie Faccinato  
c/o David F. Vedder, P.A.  
1651 N. Clyde Morris Boulevard, Suite 2  
Daytona Beach, Florida 32117

Dear Ms. Faccinato:

In response to your request, the Bureau of Labor Market Statistics has verified that 3705 Lewis Speedway, St. Augustine, Florida, in St. Johns County, Florida is in Census tract 209.01. The area consisting of contiguous Census tracts 209.01 in St. Johns County, and 144.12, 144.01, 158.02, 158.01, 157, 6, 162, 174, 153, 148, 10, 11, 12, 13, 2, 1, 16, 15, 14, 29.02, 29.01, 115, 28.02, 26, 27.01, 27.02, 116, 118, and 121 in Duval County qualifies as a Targeted Employment Area (TEA) under the provisions of the EB-5 Investor Visa Program. The 2015 annual average unemployment rate for the combined area was 8.1 percent, above the qualifying rate of 8.0 percent for that time period (see enclosed table).

The method used to estimate the unemployment rate in this area is called Census-share disaggregation, a standard U.S. Department of Labor, BLS procedure used to calculate rates for small subcounty areas.

Since these locations are not in a rural county or in a single Census tract with a qualifying rate, the enclosed combination qualifies as a Targeted Employment Area due to its high unemployment rate.

Please call Demetria Rollins at 850-245-7218, if you have any questions.

Sincerely,

Adrienne Johnston, Chief  
Bureau of Labor Market Statistics

AJ/rd

Ms. Zhijun Mao  
12240 Village Place  
Davie, Florida 33325

Dear Ms. Mao:

In response to your request, the Bureau of Labor Market Statistics has verified that 777 Glades Road, Boca Raton, Florida, in Palm Beach County, Florida is in Census tract 71. The area qualified as a Targeted Employment Area (TEA) under the provisions of the EB-5 Investor Visa Program. The 2014 annual unemployment rate for the area was 23.2 percent, above the qualifying rate of 9.3 percent for that time period.

As for 2013, the area qualified as a TEA under the provisions of the EB-5 Investor Visa Program. The 2013 annual unemployment rate for the area was 27.0 percent, above the qualifying rate of 11.1 percent for that time period.

The method used to estimate the unemployment rate in this area is called Census-share disaggregation, a standard U.S. Department of Labor, BLS procedure used to calculate rates for small subcounty areas.

Please call Demetria Rollins at 850-245-7218, if you have any questions.

Sincerely,

Adrienne Johnston, Chief  
Bureau of Labor Market Statistics

Ms. Zhijun Mao  
12240 Village Place  
Davie, Florida 33325

Dear Ms. Mao:

In response to your request, the Bureau of Labor Market Statistics has verified that 11300 NE 2<sup>nd</sup> Avenue, Miami Shores, Florida, in Miami-Dade County, Florida is in Census tract 11.02. The area qualified as a Targeted Employment Area under the provisions of the EB-5 Investor Visa Program. The 2014 annual unemployment rate for the area was 11.3 percent, above the qualifying rate of 9.3 percent for that time period.

As for 2013, a contiguous combination could not be created to meet the qualifying rate.

The method used to estimate the unemployment rate in this area is called Census-share disaggregation, a standard U.S. Department of Labor, BLS procedure used to calculate rates for small subcounty areas.

Please call Demetria Rollins at 850-245-7218, if you have any questions.

Ms. Zhijun Mao  
12240 Village Place  
Davie, Florida 33325

Dear Ms. Mao:

In response to your request, the Bureau of Labor Market Statistics has verified that 501 Marlins Way, Miami, Florida, in Miami-Dade County, Florida is in Census tract 52.01. The area consisting of contiguous Census tracts 52.01, 52.02, 36.01, 34, 31, and 30.01 qualified as a Targeted Employment Area under the provisions of the EB-5 Investor Visa Program. The 2014 annual unemployment rate for the combined area was 10.3 percent, above the qualifying rate of 9.3 percent for that time period (see enclosed table).

The method used to estimate the unemployment rate in this area is called Census-share disaggregation, a standard U.S. Department of Labor, BLS procedure used to calculate rates for small subcounty areas.

Since these locations are not in a rural county or in a single Census tract with a qualifying rate, the enclosed combination qualifies as a TEA due to its high unemployment rate.

As for 2013, a contiguous combination could not be created to meet the qualifying rate.

Please call Demetria Rollins at 850-245-7218, if you have any questions.

Sincerely,
