Dear Mr. Kofler:

In response to your request, the Bureau of Labor Market Statistics has verified that 9611 W Flagler Street in Miami-Dade County, Florida is located in Census tract 90.15. Dear Mr. Malekian:

In response to your request, the Bureau of Labor Market Statistics has verified that the intersection of Collier Boulevard and Bucks Run Drive in Collier County, Florida is located in Census tract 104.07. The area including contiguous Census tracts 101.03, 104.07, 111.01, 111.02, 112.01, 112.02, and 113 as a high unemployment area under the provisions of the EB-5 Investor Visa Program. The 2012 annual average unemployment rate for the combined area was 12.6 percent, above the qualifying rate of 12.2 percent for that time period (see enclosed table).

The method used to estimate the unemployment rate in this area is called Census-share disaggregation, a standard U.S. Department of Labor, Bureau of Labor Statistics procedure used to calculate rates for small subcounty areas.

Since this area is located in the Naples-Marco Island Metropolitan Statistical Area, it is not considered a rural area. The area does qualify as a Targeted Employment Area however, due to its high unemployment rate.

Please call Demetria Rollins at 850-245-7218, if you have any questions.

Sincerely,

Rebecca Rust, Chief  
Bureau of Labor Market Statistics
